

KVP

Peptide Blend

The science of *youth*.
The warmth of *nature*.

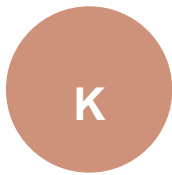

A revolutionary tri-peptide complex engineered to visibly transform skin from within. KVP harnesses the synergistic power of three bio-identical peptides to smooth, firm, and luminously hydrate.

What is KVP?

A precision-crafted blend of three synergistic peptides

KVP is a **clinically validated peptide blend** developed through years of dermatological research. The three-peptide system works in concert to address the primary drivers of skin aging: collagen depletion, loss of elasticity, and impaired moisture retention. Unlike single-peptide formulas, KVP delivers a multi-pathway approach for truly transformative results.

Lysine Peptide

Stimulates fibroblast activity and boosts collagen synthesis. Lysine-derived signals help restore skin's structural integrity, reducing the appearance of deep-set lines and restoring youthful volume.

Valine Peptide

Strengthens the skin barrier and regulates sebum production. Valine peptides reinforce the lipid matrix, locking in moisture and shielding skin from environmental stressors and oxidative damage.

Proline Peptide

Enhances elastin production and supports connective tissue repair. Proline-enriched pathways improve bounce-back resilience, visibly firming sagging areas and restoring contour definition.

Three peptides. One transformative formula.

Visible Results. Effortless Ritual.

Key Benefits

- Firms & Lifts**
Visibly tightens skin in as few as 4 weeks through enhanced elastin production.
- Deep Hydration**
Binds up to 1000x its weight in moisture for plump, dewy skin all day.
- Smooths Lines**
Diminishes fine lines and wrinkles by rebuilding the collagen matrix.
- Radiant Glow**
Evens skin tone and boosts luminosity for a natural, healthy complexion.
- Barrier Repair**
Fortifies the skin's protective barrier against pollution and UV stress.

How to Use

- Cleanse**
Begin with a gentle cleanser to remove impurities and prep the skin.
- Apply KVP Serum**
Dispense 2–3 drops onto fingertips and press gently into face and neck.
- Massage In**
Use upward circular motions to boost absorption and stimulate circulation.
- Moisturise**
Follow with your preferred moisturiser to seal in the peptide complex.
- Consistency is Key**
Use morning and evening for optimal, cumulative results over time.
